

## SyncroHealth – Data Consent & Terms of Use

I hereby declare that I have no objection to the use of my personal and medical data by **SyncroHealth** services. By agreeing to these terms, I provide my voluntary and informed consent for the collection, use, and secure handling of my data in accordance with the **UK General Data Protection Regulation (UK GDPR)** and the **Data Protection Act 2018**.

1. **Confidentiality of Personal Information:** My personal details—including but not limited to my name, identification number, residential address, and contact information—will remain strictly confidential and will be securely stored within SyncroHealth's data systems. This information will not be shared, sold, or disclosed to any third party without my explicit consent, unless required by law.
2. **Use of Medical Data:** My medical data may be used by SyncroHealth solely for:
  - Academic and clinical research
  - Health improvement analysis
  - Developing personalized healthcare services for my wellbeing
3. **Data Anonymization for Publication:** My data may be included in research studies, reports, or publications. In all such cases, any personally identifiable information will be anonymized to ensure my identity remains protected.
4. **Use of Medical Images:** Images or visual data derived from my medical examinations (e.g., scans, test results) may be used for academic, training, and research purposes. All images will be edited or anonymized to prevent any direct or indirect identification.
5. **Right to Withdraw Consent:** I understand that I have the right to withdraw my consent at any time by contacting SyncroHealth through the provided channels. Upon withdrawal, no further use of my data will be permitted, and all previously collected data will be securely archived or anonymized.
6. **Compliance with UK Data Protection Laws:** SyncroHealth ensures full compliance with the **UK GDPR** and **Data Protection Act 2018**, including:
  - Lawful, fair, and transparent processing of personal data
  - Data minimisation and accuracy
  - Secure storage and handling of sensitive information
  - Clear procedures for exercising data subject rights (access, rectification, erasure, restriction, and portability)
